## CURATED EXPERIENCES INSPIRED BY QUÉBEC CITY

Alongside the Convention program, companions and guests are invited to experience Québec City through a series of curated cultural and culinary experiences designed to reflect the character, history, and hospitality of the region.

Begin with a guided culinary journey along the Island of Orléans, sampling local ciders, wines, chocolates, and artisanal products while taking in the scenery of the St. Lawrence River. Continue with a Québec wine and cheese reception, then step back in time with a horse-drawn carriage ride through the cobblestone streets of Old Québec.

On Sunday morning, gather for a relaxed, chef-inspired brunch in the heart of the city — a perfect close to a memorable weekend.

Each element is designed to showcase the very best of Québec while creating space for conversation, connection, and shared memories.

Included as part of the Companion Delegate registration experience.
